Re: Non-resident Students

Dear Mr. Krever:

Please be advised that at the last regular meeting of The Wentworth County Board of Education, the trustees passed the following resolution:

"It was moved by Mr. Groen, seconded by Mrs. Henry, that The Wentworth County Board of Education should admit non-resident students from Hamilton to day school to attend one class for one credit without charge on the understanding that there is a reciprocal arrangement with Hamilton for Wentworth students, providing all such admissions are brought to the attention of the Finance Committee."

Please advise if your Board is in agreement with this type of arrangement. I look forward to hearing from you in the near future.

Yours very truly,

Allan A. Greenleaf,
Director of Education
and Secretary.

Re: The proposed agreement between
The Board of Education for the City of Hamilton
and the Hamilton Philharmonic Orchestra
as the Licencee

In the proposed agreement between the two parties as described above the following will apply:

1. The Board agrees to make available to the Licencee the auditorium of the school for use by the Licencee for rehearsal purposes and as a cultural resource for the school, upon certain terms and conditions.
2. The Licencee to use the auditorium of Westdale Secondary School (herein called the "licenced premises") during the times and upon the terms hereinafter designated, in which to conduct rehearsals for performances of the orchestra and from which to conduct compatible programs for the cultural enrichment of the students of the Board. To use the space allocated by the Board for the storage of the instruments, music and equipment of the members of the orchestra ("storage space").
3. The Licencee and its members, Conductor and officers and guest artists may enter and leave the school of which the licenced premises and the storage space form a part, at all reasonable times when a caretaker is in the school building, subject to the Board's reasonable regulations and security precautions.
4. The Licencee may use the wings of the stage area of the licenced premises to store one grand piano.
5. For the term of six months, commencing the 1st day of February, 1986 and ending the 30th day of June, 1986.

The Board of Directors for the City of London

THE BOARD OF DIRECTORS
FOR THE CITY OF LONDON
1901

To the Members and Shareholders
of the London Management Committee

and the proposed agreement between
the City of London and the London
Management Committee

In the proposed agreement between the City of London and the
London Management Committee

1. The Board of Directors is of the opinion that the London
Management Committee has the right to manage the City of London
and the London Management Committee

2. The Board of Directors is of the opinion that the London
Management Committee has the right to manage the City of London
and the London Management Committee

3. The Board of Directors is of the opinion that the London
Management Committee has the right to manage the City of London
and the London Management Committee

4. The Board of Directors is of the opinion that the London
Management Committee has the right to manage the City of London
and the London Management Committee

5. The Board of Directors is of the opinion that the London
Management Committee has the right to manage the City of London
and the London Management Committee

6. The Licencee covenants with the Board:

- (a) To use the licenced premises for the purpose of rehearsing orchestral works which the Licencee will perform elsewhere.
- (b) To observe and perform all those terms and provisions of this licence which are binding upon the Licencee and not to do or suffer or to do anything contrary to any term or provision of this licence.
- (c) That nothing shall be done by the Licencee which shall be or result in a nuisance.
- (d) To use the storage space designated by the Board for the storage of musical instruments, music and equipment normally used by the Licencee.
- (e) To provide without fee or charge to the Board through the members of the orchestra and the Conductor, workshops and individual consultative appointments as designated by the Supervisor of Music of the Board a minimum of eighty (80) times during the school year. These workshops and/or individual consultative appointments will be open to all interested students of all of the schools under the jurisdiction of the Board.
- (f) To provide the services of the Conductor without fee or charge, four (4) times each school year to conduct the school band and/or orchestra of Westdale Secondary School in rehearsals or performances for the students of the school.
- (g) To open its rehearsals without fee or charge to a controlled number of students of the Board.
- (h) To indemnify the Board against all liability claims, damages or expense arising out of any act or neglect by the Licencee. The Licencee will obtain third party liability insurance of at least \$1,000,000.00 naming the Board as a named insured.
- (i) To construct or undertake at its own expense props and/or alterations or improvements to the stage and orchestra pit located in the licenced premises; provided that any such props or alterations or improvements are portable and will be moved by the Licencee at its expense.
- (j) To report regularly to the Principal of the school and the Supervisor of Music of the Board regarding programs instituted and schedules for the same, providing such scheduling does not conflict with the uses of the licenced premises by the Board or other occupants from time to time authorized to use the licenced premises by the Board.
- (k) To observe and comply with all rules and regulations which the Board may from time to time impose.

7. The Board covenants with the Licencee:

- (a) That the licenced premises shall not be exclusive to the Licencee, but shall be used between the hours of 9:00 a.m. to 11:30 a.m. and/or 2:00 p.m. to 4:30 p.m. four (4) days a week to a maximum of ten (10) hours per week, except for weekends and other school holidays in accordance with scheduling determined from time to time by the Board through its Supervisor of Music after discussion with the Principal of the school.

The licenced premises may be used on weekends and holidays or during non normal school hours in accordance with the scheduling determined from time to time by the Board through the office of the Business Administrator of the Board, after discussion with the Principal of the school. The scheduling of all rehearsals during weekends, school holidays and other than during normal school hours is to be settled at least two months in advance. Any re-scheduling will require one month's written notice and re-scheduled by the Office of the Business Administrator of the Board after discussion with the Principal of the school within one month of the giving of the required notice.

Any differences arising out of scheduling or re-scheduling which cannot be settled by the Principal and the Supervisor of Music shall be settled by the Senior officials of the Board.

- (b) The Board will make available at the expense of the Licencee a caretaker to open and close the school at times outside the caretaker's normal working hours.

8. The Board shall not be liable to the Licencee for any interferences or inconveniences caused by strikes or lock outs.
9. If the Licencee shall be in default in the observance or performance of any covenant on its part herein contained, the Board may cancel this licence.
10. The Licencee shall not be entitled to a key to the school, but only to the storage space and shall have access to the licenced premises and the storage area only during such days and times as the custodian of the school is present.
11. The Licencee shall be entitled to park one truck and one automobile for the Conductor in the school parking lot in the area designated by the Principal of the school.

12. No Alteration Without Consent:

The Licencee shall not make any alteration in or improvements or additions to the licenced premises or the storage space or any props, whether such alterations or improvements or props or additions are portable or otherwise, without the prior written consent of the Board.

13. No Obstruction in the Remainder of the School:

The Licencee shall not obstruct, encumber or use for any purpose, other than ingress or egress from the licenced premises or storage space, the sidewalks, entrances, hallways, or other areas of the school and shall not sell, advertise or conduct business anywhere in the school or licenced premises.

14. The Licencee shall not carry or maintain any stock of materials or supplies which will in any way impair or invalidate any policy of insurance effected by the Board on the remainder of the school.

We have reviewed the following concerns expressed by the members:

1. Possible Distraction - Rehearsal Sound
Discussed thoroughly with principal and administrative assistant.
To the north - separated by 2 walls and corridor - wood and auto shops
To the east - separated from classrooms by 2 walls, a corridor and a courtyard
To the south - separated from classrooms by projection and storage rooms, 3 walls and a corridor
To the west - separated from classrooms by 3 walls, a corridor and a courtyard.
2. The Westdale music director does not use the auditorium for band/orchestra rehearsals.
3. Rooms the H.P.O. require for storage are not used by staff or students. The one change room has not been used by the Physical Education Departments in several years.

Respectfully submitted,

R. S. Cartmell
Secretary-Treasurer and
Business Administrator.

TO: ALL BOARDS OF EDUCATION

Dear Members of the Board:

We are writing this letter to advise that members of the Boards of Education representing Separate School Ratepayers, are eligible for associate membership in the Ontario Separate School Trustees' Association. The 1986 fee will be \$50.00 per trustee.

This fee entitles them to attend our Convention and elect a representative to our Board of Directors. They are in a unique position to promote co-operation between various segments of the school system to the advantage of all.

We would appreciate it if your Board would consider taking out associate membership for these trustees at the fee mentioned above.

Along with your cheque, we would appreciate receiving a list of these trustees together with their addresses and telephone numbers (if possible), in order to bring our mailing list up-to-date.

Yours sincerely,

E. F. Nyitrai

Ladies and Gentlemen:

RE: STUDENT INFORMATION SYSTEM

Since 1967 the Computer Services department has provided administrative services to the Composite Secondary school offices. For the most part, efforts were directed towards Timetabling, Mark Processing, Progress Reports, Attendance and Class Lists. In the late seventies and early eighties it was decided that, in the way of a trial, some of these services would be offered to selected Elementary and Vocational Secondary schools.

It became evident that the existing system did not meet all of the unique needs of the different school types. Over the past three years, a major project has been underway to design and implement a system that would include all schools. In addition, while meeting the administrative needs of the schools, the system would be expected to provide necessary management information to the Education Centre. During the design process, the Ministry of Education announced a completely new province-wide course coding and transcript system for Secondary Schools that would have to be in place for September, 1985. Any new system would have to incorporate the new Ministry requirements.

In July and August of 1985 a completely redesigned and rewritten Student Information System was installed for the opening of school in September.

The following is a list of the highlighted features of the new system;

1. All students within the Hamilton Board are registered in the System (JK - 13). 91 schools for a total of approximately 39,500 students.
2. The composite secondary schools are linked directly to the Board's mainframe computer using microcomputers in the school office. All information updating is conducted on-line thereby ensuring up-to-date records. A two level password security system is used with the system detecting incorrect password entry. Should an incorrect password be used 3 times in a row, the line is automatically disconnected and the mainframe issues a security violation message at the Education Centre. Re-connection of the line can only be effected by specified Computer Services personnel.

3. All Ministry of Education requirements have been met. A complete history of all Secondary Composite students resides within the mainframe thus facilitating the automated production of transcripts and university admission application forms.
4. As each student is registered only once, transfer of all student information is not required when a student switches schools.
5. Timetables, class lists, registers, progress reports, mailing envelopes, labels and many other various reports are produced by the system on a cyclical or on-request basis.

The development of this system has been a co-operative effort between Computer Services and various committees from the schools. In addition, a composite secondary school vice-principal (D. Lowden) was seconded to the Computer Services department to provide assistance in defining school requirements. The co-operation and involvement between all parties has been exceptional.

Although the system satisfies most requirements, pressure is being felt to provide even further expansion of services. Development is proceeding to provide on-line access to the data by Education Centre departments. As well, a system is envisaged that would provide on-line access to all schools in the city. Once on-line access is in place, other uses could be made of the equipment by the schools (i.e. film reservations, library catalogue searching, etc.). However, expansion of on-line services to more schools and for the services mentioned would require a more powerful mainframe computer.

As we mature with the use of present systems and equipment we will be looking to the needs of the future and what part Computer Services can play in providing efficient support services to the academic and business areas.

Respectfully submitted,

R. S. Cartmell,
Secretary-Treasurer and
Business Administrator.

Dear Mr. Board:

RE: STUDENT INFORMATION SYSTEM

Since 1947 the Computer Education Department has provided administrative services to the Computer Education Department. For the past year, efforts have been directed towards developing a system for the collection, storage, and retrieval of student information. In the past, student information has been scattered in various files, and it has been difficult to obtain a complete and accurate picture of the student's record. The new system will provide a centralized source of student information, and it will be possible to obtain a complete and accurate picture of the student's record at any time.

It is requested that the Board of Education approve the plan for the new system. The plan provides for the collection, storage, and retrieval of student information. It also provides for the development of a system for the collection, storage, and retrieval of student information. The plan is being developed by the Computer Education Department, and it is being developed in accordance with the plan for the new system. Dear Mr. Rielly:

The staff of Glendale is planning a special two day programme, on May 30th and 31st, to mark the 25th Anniversary of Glendale Secondary School. On Friday, May 30th, we hope to have an evening auditorium programme around the theme "A Walk Down Memory Lane" with slides and personal appearances of teachers, principals and graduates.

On Saturday evening, May 31st, we plan a buffet and dance in the gym for graduates. We hope to be able to serve wine and beer to the grads at this dance.

I understand that it would be necessary to gain the permission of the Board in order to serve wine and beer on school property. Would it be possible for you to take this request to the Board at the earliest convenient time?

If further information or more detail of our arrangements is necessary, please let me know.

Jan. 14, 1986

Dear Mr. Howell,

I am writing in regards to a letter that was written to you by our Chairperson of Doors of Friendship Jackie Nisbet dated October 28, 1985.

Mr. Birch and Mr. McLachlan have been kept abreast of the matter before and after Christmas and they have asked the Doors of Friendship to come up with an amount we would hope the Board of Education would be willing to contribute toward the purchase and installation of a sign. As a result the Doors of Friendship held a general meeting on Tuesday January 7, 1986 to determine that amount.

In the above mentioned letter a quote of approximately \$1085 was given for the purchase of the sign and an approximate installation figure which the Board of Education came up with was \$300, bringing the total purchase and installation cost to around \$1400. After a lengthy discussion the Doors of Friendship decided on the amount of \$600, to ask the Board to contribute and we would be willing to pay the remaining which would be approximately \$800.

Both Mr. Birch and Mr. McLachlan have been verbally informed of the above mentioned contributions.

Will the Board of Education be willing to contribute the \$600?

Could we please be informed as soon as the Board of Education has made a decision in this matter? The Community members of The Doors of Friendship are very excited about sharing this opportunity to promote the Board of Education's concepts of Community School.

I look forward to hearing from you in the future.

TO THE CHAIRMAN AND MEMBERS,
BUSINESS MANAGEMENT COMMITTEE,
Board of Education,
Hamilton, Ontario,

Ladies and Gentlemen:

RE: MCILWRAITH SCHOOL AND SITE - 50 MURRAY STREET

This school was closed in 1976 and was the first school closed by the Board because of declining enrolment. The children from this school area are attending Centennial School located to the north-east of McIlwraith and Hess Street School to the west of McIlwraith.

The school has been rented since its closing and is presently leased to two tenants:

1. Regional Municipality of Hamilton-Wentworth - Helping Hands
2. Regional Municipality of Hamilton-Wentworth - Lonar
3. Theatre Aquarius

The Region rents just under half of the space in the school and Theatre Aquarius just over one half of the space. The Board is providing a teacher for the Lonar Programme as well as the cost of supplies and utilities. This programme would have to be re-located in another school if the building is sold.

In December of 1985, we received a letter from Mr. Mandia of Theatre Aquarius making a formal request to explore the possibility of purchasing McIlwraith School (attached is a copy of the letter). We agreed to bring this request to the attention of the Board to determine if the Board is interested in selling the property.

The capacity in the adjacent schools at present is:

Mr. Howell of Continuing Education and I met with Mr. Jim Bowles a representative of the Region responsible for the Lonar Programme and the Work Activity programme connected with it. It would appear that the educational section and the work activity section of the Lonar (Linking of Needs and Resources of the Community) programme must remain together because of their complimentary nature. Mr. Bowles will meet with us again on February 5, 1986 with a proposal.

Attached is a floor plan of McIlwraith School indicating the rooms occupied by Lonar.

If the Board wishes to sell the school, the following motion should be approved:

"That McIlwraith School and Site is surplus to the Board's needs and that the Board will not require additional accommodation to replace that under consideration in the attendance area of the school within ten years of the date of disposal, except where approval has been given because of a centralization programme resulting in a surplus of school buildings."

Respectfully submitted,

Dear Mr. Penner:

re: McIlwraith School

Further to our telephone conversation of last week regarding McIlwraith School, this letter will serve as a formal request to explore the possibility of the purchase of said property by THEATRE AQUARIUS.

As you know, we are in the midst of developing a new theatre project on the site of the old Hamilton Custom House located directly north of the McIlwraith property. As the plans have progressed, it has become increasingly apparent that it is desirable to increase the projected seating capacity from the original 550 seats to a more adequate number of 700. It is not possible to accomplish this on the current Custom House site. It can be achieved, however, by expanding the new construction by a few feet into the McIlwraith site and in fact utilizing the school building itself as the production centre for the new theatre.

We are most anxious to explore this possibility, and I would appreciate any advice from you as to the next steps we should take.

I am enclosing a copy of our original brief on this very exciting community project, and look forward to working with the Hamilton Board of Education on its development.

Yours sincerely,

Dear Mr. Rielly:

The staff of Glendale is planning a special two day programme, on May 30th and 31st, to mark the 25th Anniversary of Glendale Secondary School. On Friday, May 30th, we hope to have an evening auditorium programme around the theme "A Walk Down Memory Lane" with slides and personal appearances of teachers, principals and graduates.

On Saturday evening, May 31st, we plan a buffet and dance in the gym for graduates. We hope to be able to serve wine and beer to the grads at this dance.

I understand that it would be necessary to gain the permission of the Board in order to serve wine and beer on school property. Would it be possible for you to take this request to the Board at the earliest convenient time?

If further information or more detail of our arrangements is necessary, please let me know.

Many thanks for your help.

Yours truly,

Attention: Mr. R. S. Cartmell
Secretary-Treasurer and
Business Administrator

Dear Sir:

On February 11th you advised of concern expressed as a consequence of the service of alcohol at high school reunions held at the schools. High school reunion committees have been planning functions at the school, to which a broad spectrum of graduates, including the most recent, are invited. At some events students currently attending the school are included both as entertainment and guests. Because alcohol is being served to those in attendance you seek our advice with respect to the issues raised and the policy to be adopted.

Serving alcohol within the high school at a reunion as described raises two potential liability issues: 1. The Board may be exposed to liability within the developing legal concept of "innkeeper"; 2. The Board may be exposed to liability by reason of its obligation, through its principals and teachers, to care for the students.

1. Innkeeper

We understand that a L.L.B.O. permit to serve liquor will most probably be in the name of an individual graduate of the school who is responsible for running the event. We anticipate that the actual purchase and sale of liquor would be under the name of that person or his committee and that strictly speaking the Board and its staff would not be a party to the contract of sale of liquor. Notwithstanding, that strict legal position it is our expectation that the Board and the school officials would be involved in consenting to use of the premises, consenting to the general program, consenting to the sale and distribution of alcohol and consenting to having a portion of the premises licenced for purposes which in some way would be perceived to be in the interests of the school. In many cases consent would be coupled with active staff participation in the organization of the program.

The Board of Trustees for
the City of Boston
has the honor to acknowledge
the receipt of your letter
dated February 1, 1918,
concerning the proposed
amendment to the
City Charter.

Very truly,
Your obedient servant,
John D. Sullivan

On February 1st, 1918, the Board of Trustees of the City of Boston received from the City Clerk a copy of a letter from the City of Boston, dated February 1, 1918, in which a proposed amendment to the City Charter was submitted. The amendment proposed to change the method of electing the City Council from the present system of election by the voters to a system of election by the City Council. The Board of Trustees has the honor to acknowledge the receipt of your letter dated February 1, 1918, in which you expressed your opposition to the proposed amendment. The Board of Trustees has considered the proposed amendment and has decided to reject it. The Board of Trustees has decided to reject the proposed amendment because it is not in the best interests of the City of Boston.

The Board of Trustees has decided to reject the proposed amendment because it is not in the best interests of the City of Boston. The Board of Trustees has decided to reject the proposed amendment because it is not in the best interests of the City of Boston. The Board of Trustees has decided to reject the proposed amendment because it is not in the best interests of the City of Boston.

1. Introduction

The purpose of this report is to provide a detailed account of the activities of the Evans Philip Foundation during the year 1918. The Evans Philip Foundation was organized in 1917 for the purpose of promoting the study of the life and work of Philip Evans. The Foundation has since that time been engaged in a variety of activities, including the publication of books, the holding of lectures, and the support of research. This report will describe the activities of the Foundation during the year 1918, and will also discuss the results of the Foundation's work during that year. The report will be divided into two main parts. The first part will describe the activities of the Foundation during the year 1918, and the second part will discuss the results of the Foundation's work during that year.

Evans, Philp

The liability of an "innkeeper" has taken a sharp turn in recent years. The Liquor Licence Act of Ontario, s. 53, provides that

"Where any person or his servant or agent sells liquor to or for a person whose condition is such that the consumption of liquor would apparently intoxicate him or increase his intoxication so that he would be in danger of causing injury to his person or injury or damage to the person or property of others, if the person to or for whom the liquor is sold while so intoxicated, (a) commits suicide or meets death by accident or (b) causes injury or damage to the person or property of another person ..."

then the innkeeper is liable to compensate for the damages which have resulted.

The obligation under statute and at law is sufficiently strong that the innkeeper must take pains to ensure that only those legally qualified to drink are permitted into his establishment and that those who are so qualified do not drink to excess. If intoxication does in fact result, care must also be taken to see to the patron's safety thereafter - to supervise the patron with a place to "sleep it off" or otherwise see to his safe passage home. The tavern owner must impress upon his employees the importance of such careful screening and supervision of patrons.

In our opinion it is not likely that the Board of Education or its employees would be liable for the damages flowing from excess alcohol at a reunion because the "innkeeper" in the circumstances would be the licenced committee. However, reality dictates that in the event of an injury of any catastrophic weight the Plaintiff would include in the action all conceivable Defendants and that would almost certainly envelope the Board, the principal, the teachers involved and such other staff as were relevant to the process. Not only will that cause embarrassment for the Board, it will call on the Board's insurers to defend the action and in some instances necessitate a settlement payment, whether or not your solicitors are of the opinion that there is real legal liability.

We are also concerned that the relationship between the committee and Board might be such that the Board might be considered or somehow named as the licensee. Instances have arisen in the past where principals have hired the band and that same kind of helpfulness might lead to a principal becoming the licensee on the permit.

In our opinion the sale of alcohol on the school premises does raise the spectre of exposure to claim and of liability and ought only to be undertaken with that in mind.

2. Care for Students

If students attend functions it is reasonable to expect that some will be served alcohol. Under the Education Act duties of care are

Evans, Philp

imposed on principals and teachers. Particularly in s. 235 the teacher's duty is specified to include

"(c) to inculcate by precept and example respect for ... sobriety ... purity, temperance and all other virtues; ... (e) to maintain, under the direction of the principal, proper order and discipline ... while on duty in the school and on the school ground;"

In addition to those teacher duties the principal, under s. 236, is required

"(a) to maintain proper order and discipline in the school; ... (j) to give assiduous attention to the health and comfort of the pupils ..."

While the concepts of sobriety, purity and temperance may seem outdated in a more wordly time, we fear for the liability exposure and embarrassment that could flow to the Board if one of their students caused an accident which resulted in whole or in part from reunion alcohol. That situation would only be exacerbated if a teacher had served the alcohol to the student or if the student were under age.

Conclusion

We might prefer to advise that having graduates and students sharing a reunion at which alcohol is served at a reception affords an opportunity to see by example the moderate and temperate use of alcohol. Alcohol may further make the event more attractive and induce a greater number of graduates to return. Nevertheless, we are in a time where the laws affecting those serving alcohol have been stiffened and the penalties in dollars which are imposed are harsh. The innkeeper, in a recent Ontario case, was found to have served an underaged boy who appeared sober but who had already consumed about 12 beers before coming to the tavern. The innkeeper was held liable for 15% of \$2,000,000.00. \$300,000.00 is dramatic exposure and in fact the innkeeper was liable for the full judgment if the other Defendants could not pay. In our opinion that level of dollar exposure should have a bearing and should be understood as a rationale for a conservative policy.

If you have any further questions, please call and I would be pleased to review them with you.

Yours very truly,

John F. Evans

TO THE CHAIRMAN AND MEMBERS,
BUSINESS MANAGEMENT COMMITTEE,
Board of Education,
Hamilton, Ontario,

Ladies and Gentlemen:

RE: MCILWRAITH SCHOOL AND SITE - 50 MURRAY STREET

This school was closed in 1976 and was the first school closed by the Board because of declining enrolment. The children from this school area are attending Centennial School located to the north-east of McIlwraith and Hess Street School to the west of McIlwraith.

The school has been rented since its closing and is presently leased to two tenants:

1. Regional Municipality of Hamilton-Wentworth - Helping Hands
2. Regional Municipality of Hamilton-Wentworth - Lonar
3. Theatre Aquarius

The Region rents just under half of the space in the school and Theatre Aquarius just over one half of the space. The Board is providing a teacher for the Lonar Programme as well as the cost of supplies and utilities. This programme would have to be re-located in another school if the building is sold.

In December of 1985, we received a letter from Mr. Mandia of Theatre Aquarius making a formal request to explore the possibility of purchasing McIlwraith School (attached is a copy of the letter). We agreed to bring this request to the attention of the Board to determine if the Board is interested in selling the property.

The capacity in the adjacent schools at present is:

REPORT OF THE BOARD OF DIRECTORS

The Board of Directors of the Company has the honor to submit to you the following report for the year ended December 31, 1963. The Board has the pleasure to announce that the Company has achieved a record year of performance, with a 15% increase in sales and a 10% increase in net income. This is a reflection of the excellent management of the Company and the loyalty of its customers.

The Board has also been pleased to see the Company's stock price rise from \$10.00 to \$15.00 per share during the year.

Respectfully,
Chairman of the Board

1. Financial Statement of the Company - Balance Sheet
2. Financial Statement of the Company - Income Statement
3. Financial Statement of the Company - Cash Flow Statement

The Board has also been pleased to see the Company's stock price rise from \$10.00 to \$15.00 per share during the year. This is a reflection of the excellent management of the Company and the loyalty of its customers. The Board has also been pleased to see the Company's stock price rise from \$10.00 to \$15.00 per share during the year.

In addition, the Board has been pleased to see the Company's stock price rise from \$10.00 to \$15.00 per share during the year. This is a reflection of the excellent management of the Company and the loyalty of its customers. The Board has also been pleased to see the Company's stock price rise from \$10.00 to \$15.00 per share during the year.

The Board has also been pleased to see the Company's stock price rise from \$10.00 to \$15.00 per share during the year.

Item	Quantity	Value	Percentage
Item 1	100	\$10.00	10.0%
Item 2	200	\$20.00	20.0%
Item 3	300	\$30.00	30.0%
Item 4	400	\$40.00	40.0%
Item 5	500	\$50.00	50.0%

Mr. Howell of Continuing Education and I met with Mr. Jim Bowles a representative of the Region responsible for the Lonar Programme and the Work Activity programme connected with it. It would appear that the educational section and the work activity section of the Lonar (Linking of Needs and Resources of the Community) programme must remain together because of their complimentary nature. If Allenby School is closed in June, 1987, Lonar could be re-located there.

Attached is a floor plan of McIlwraith School indicating the rooms occupied by Lonar.

If the Board wishes to sell the school, the following motion should be approved:

"That McIlwraith School and Site be declared surplus to the Board's needs and be sold with the understanding that the Board will not require additional accommodation to replace McIlwraith School in this attendance area within ten years of the date of disposal.

Respectfully submitted,

Dear Mr. Penner:

re: McIlwraith School

Further to our telephone conversation of last week regarding McIlwraith School, this letter will serve as a formal request to explore the possibility of the purchase of said property by THEATRE AQUARIUS.

As you know, we are in the midst of developing a new theatre project on the site of the old Hamilton Custom House located directly north of the McIlwraith property. As the plans have progressed, it has become increasingly apparent that it is desirable to increase the projected seating capacity from the original 550 seats to a more adequate number of 700. It is not possible to accomplish this on the current Custom House site. It can be achieved, however, by expanding the new construction by a few feet into the McIlwraith site and in fact utilizing the school building itself as the production centre for the new theatre.

We are most anxious to explore this possibility, and I would appreciate any advice from you as to the next steps we should take.

I am enclosing a copy of our original brief on this very exciting community project, and look forward to working with the Hamilton Board of Education on its development.

Yours sincerely,

TO THE CHAIRMAN AND MEMBERS,
BUSINESS MANAGEMENT COMMITTEE,
Board of Education,
Hamilton, Ontario.

Ladies and Gentlemen:

Re: "Students in Personnel (SIP)" Program

Unfortunately, as a result of supply and demand, we are unable to obtain a McMaster Co-op M.B.A. student for the May to August work term. The supply of students for the Fall work term is more optimistic.

Despite the current unavailability of an M.B.A. student, we still would like to pursue summer student assistance. Our recommendation now is that we submit an application to the Ministry of Labour to participate in their fully subsidized "Students in Personnel (SIP)" summer program.

The Students in Personnel program is administered by the Ontario Ministry of Labour in conjunction with the Civil Service Commission and the Personnel Council. The program is funded totally by the Ministry of Skills Development. "The SIP program is designed to give senior university and community college students practical, firsthand work experience in the Personnel field, while providing sponsoring organizations with qualified individuals to assist carrying out the personnel mandate of their organizations." The students' salaries are paid by the Ontario Government.

The sponsor proposal deadline date officially was 1986 02 21; however, the Program Manager has informed us that our proposal will still be received if submitted.

Respectfully submitted,

R. S. Cartmell,
Secretary-Treasurer and
Business Administrator.

AUDITORS' REPORT

To the Supporters of The Board of
Education for the City of Hamilton

We have examined the Balance Sheet of the Board of Education for the City of Hamilton as at December 31, 1985, the Revenue Fund Statement of Operations and the Capital Fund Statement of Operations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Board as at December 31, 1985 and the results of its operations for the year then ended in accordance with the accounting principles described in note 1 to the financial statements applied on a basis consistent with that of the preceding year.

The Board of Education for the City of Hamilton
Notes to Financial Statements
For The Year Ended December 31, 1985

1. Accounting Principles

The financial statements have been prepared by the Board using accounting principles that are prescribed by the Ministry of Education and are considered appropriate for Ontario School Boards. The principles are in accordance with generally accepted accounting principles except as follows:

(a) Accrual Accounting

Revenue and expenditure are accounted for on the accrual method except that no provision is made for interest on unmatured debenture debt from the date of payment to the end of the fiscal year.

(b) Fixed Assets

Fixed assets are charged to current expenditure unless financed by long-term debt. Principal and interest charges on net long-term liabilities are included as expenditures in the period due. Fixed assets, described as capital outlay to be recovered in future years, are included on the balance sheet only to the extent of the balances of the related net long-term liabilities outstanding.

(c) Reserves and Reserve Funds

Reserves and reserve funds represent funds appropriated for general and specific purposes and are charged or credited to revenue fund operations in the year appropriated or drawn down.

(d) Under/Over Requisition of Taxes

The difference between the net expenditure of any year and the amounts received to finance these expenditures is carried forward to the subsequent year to either increase or reduce the net revenue requirement from ratepayers.

2. Retirement Gratuities Plans

Employees may become entitled to cash payments when they leave the employment of the Board at the age fixed for their retirement. \$1,478,788 and \$1,560,806 in retiring gratuities were paid during 1985 and 1984 respectively. An amount of \$7,428,156 is provided by way of a reserve fund.

1. Accounting System

The financial statements have been prepared by the Board using accounting principles that are prescribed by the Bureau of Education and are consistent with generally accepted accounting principles except as follows:

(a) Accounting

Revenues and expenditures are accounted for on the accrual method except that no provision is made for interest on borrowed money due from the date of payment to the end of the fiscal year.

(b) Fixed Assets

Fixed assets are valued at current replacement unless financed by long-term debt. Principal and interest charges on long-term debt are included as expenditures in the period due. Fixed assets, described as capital assets, are recovered in future years and included on the balance sheet only to the extent of the amount of the value not long-term debt is outstanding.

(c) Depreciation and Reserve Funds

Depreciation and reserve funds represent funds appropriated for general and specific purposes and are charged or credited to revenue fund accounts in the year appropriated or drawn down.

(d) Restriction Imposition of Taxes

The following amounts are not available to any year and the amounts available to finance those expenditures are limited to the amounts available in the year in which the amounts are appropriated.

2. Statement of Financial Position

Revenues are received during the year and are not available until the year of the bond or the year of the refund. \$1,000,000 and \$1,000,000 in working capital were paid during 1955 and 1956 respectively. The amount of \$1,000,000 is provided by way of a reserve fund.

3. Reserve for 1986 Tax Reduction

Legislation requires that where monies raised by a school board through local taxation is not required by reason that salaries and wages of employees are not paid because of a strike or lock-out of such employees during the year, the net savings are to be placed in reserve and are to be used to reduce the requirement for local taxation in the following year.

During the past year such a strike occurred and the board placed monies in reserve for return to the ratepayers in the form of 1986 tax reductions as follows:

Elementary School Supporters	\$ 138,836
Secondary School Supporters	<u>5,304,417</u>
	<u>\$5,443,253</u>

4. Net Long-Term Liabilities

- (a) In accordance with the Ontario budget announcement of October 24, 1985, outstanding debentures held by The Ontario Education Capital Aid Corporation have been written down in the amount of \$4,408,601 as at December 31, 1985. There is no impact on future operations of the Board since debt charges, and the related grant revenue, will decline by similar amounts in future years.
- (b) Of the net long-term liabilities outstanding of \$7,527,671, principal amounting to \$6,859,616 plus interest amounting to \$1,351,360 is payable over the next five years as follows:

	<u>Principal</u>	<u>- Interest</u>	<u>Total</u>
1986	\$ 2,003,518	\$ 496,500	\$ 2,500,018
1987	1,931,271	363,349	2,294,620
1988	1,321,788	245,777	1,567,565

5. Debt Charges

The Revenue Fund expenditure for debt charges includes principal and interest payments as follows:

	<u>Elementary</u>	<u>Secondary</u>
Principal payments on long-term liabilities	\$1,281,998	\$1,635,827
Interest payments on long-term liabilities	<u>527,720</u>	<u>487,732</u>
	<u>\$1,809,718</u>	<u>\$2,123,559</u>

6. Contingency

A salary arbitration hearing between the Board and the Ontario Secondary School Teachers' Federation District 8 has been held with respect to payment for withdrawal of services for the period April 30 to May 10, 1985.

Of the \$1,500,000 in dispute, \$750,000 was paid conditionally to the teachers in 1985 subject to the ruling of the arbitrator.

At this time the outcome of the hearing is not determinable, and accordingly no provision has been made for any recovery or further liability in these financial statements.

7. Comparative Figures

Certain 1984 comparative figures have been reclassified in order to conform with the financial statement presentation adopted for 1985.

A letter of introduction was sent to the State and the District Attorney
of the District of Columbia, dated April 10, 1952, in which it was stated
that the Bureau was interested in the activities of the person named in the
letter.

On May 21, 1952, the Bureau received a letter from the State and the District
Attorney, dated May 21, 1952, in which it was stated that the person named
in the letter was not a resident of the District of Columbia.

At this time the Bureau of the hearing is not interested in the
activities of the person named in the letter for any reason other than
the fact that he is a known Communist.

Conclusion

During 1952 no information has been received in order to
confirm with the Bureau of the person named in the letter for 1952.

AUDITORS' REPORT
ON THE TRUST FUNDS OF
THE BOARD OF EDUCATION FOR THE CITY OF HAMILTON

To the Members of
The Board of Education
for the City of Hamilton

We have examined the Trust Fund Balance Sheet of the Board of Education for the City of Hamilton as at December 31, 1985 and the Statement of Trust Fund Surplus for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the Trust Funds as at December 31, 1985 and the changes in their surplus for the year then ended in accordance with the accounting principle described in the note to the financial statements, applied on a basis consistent with that of the preceding year.

Dear Mr. Krever:

I am writing to you on behalf of the Hamilton Teachers' Federation to request a donation of \$2,600.00 from the Board. This sum would be used to subsidize our Professional Development Day in November of this year. It would pay for the use of Hamilton Place and partly subsidize the cost of guest speakers.

For your information I have attached a brief outline of our projected costs.

Our goal is to provide a day that will:

1. stimulate teachers and help them to grow professionally and personally.
2. make teachers more aware of their system and its place in education in Ontario.
3. make teachers more effective in the administrative aspects of their work e.g. interviewing parents, running a meeting, etc.

Thank you for your consideration,

Dear Mr. Board:

I am writing to you on behalf of the Hamilton Teachers' Federation to request a donation of \$2,500.00 from the Board. This amount is needed to subsidize our Professional Development Program for the year. It would pay for the cost of materials and partly subsidize the cost of guest speakers.

For your information I have enclosed a brief outline of our proposed costs.

- Our goal is to provide a "Day Out" for all:
1. Invite teachers and help them to grow professionally and personally.
 2. Make teachers more aware of their status and the place in education in Ontario.
 3. Give teachers more effective in the workplace by exposing them to new ideas, techniques, and methods.

Thank you for your consideration.

TO THE CHAIRMAN AND MEMBERS,
BUSINESS MANAGEMENT COMMITTEE,
Board of Education,
Hamilton, Ontario.

Ladies and Gentlemen:

RE: Kenora Avenue Site - 5.001 acres
in Lot 27, Concession 2 formerly
in the Township of Saltfleet

This is a vacant site and is located east of Red Hill Creek, between Nash Road and Centennial Parkway just south of Barton Street. This area is served by six elementary schools and one secondary school. In addition, there are also four vacant school sites owned by the Board of Education and space on the Elizabeth Bagshaw site for a fifth elementary school.

The enrolment and capacity statistics for the aforementioned elementary schools are:

<u>SCHOOL</u>	<u>HAMILTON BOARD OF EDUCATION CAPACITY</u>	<u>ENROLMENT</u>		<u>AVAILABLE Seats 1985</u>	<u>AVAILABLE Seats 1989</u>
		<u>SEPT. 1985 ENROLMENT</u>	<u>SEPT. 1989 FORECAST</u>

	3,557	2,901	2,588	656	969
	=====	=====	=====	=====	=====

It is inconceivable that with available pupil capacity in the existing elementary schools of 656 spaces and a projected drop in enrolment of 478 pupils by 1989, that all of the Board's five vacant school sites will be required.

The Kenora Avenue area can very adequately be served by Lake Avenue School to the east and if necessary, a school on the Board's Kentley Drive site to the west.

It is recommended:

That the Kenora Avenue site located in Lot 27, Concession 2 formerly in the Township of Saltfleet be declared surplus to the Board needs and be sold with the understanding that the Board will not require a site in this attendance area within ten years of the date of disposal.

Board of Education,
Hamilton, Ontario,
1986 04 22.

TO THE CHAIRMAN AND MEMBERS,
BUSINESS MANAGEMENT COMMITTEE,
Board of Education,
Hamilton, Ontario.

Ladies and Gentlemen:

RE: Serving of Alcoholic Beverages in Schools

We have received the policies of the London, Halton, Peel and Wentworth County Boards of Education. All four Boards have a policy permitting serving of alcoholic beverages, but limit it in various ways which reduces considerably the number of uses of school facilities where alcoholic beverages are served.

The four Boards surveyed permit alcoholic beverages to be served at school reunions.

Of the Boards contacted, there seems to be a feeling that functions serving alcohol not be encouraged. This is done in various ways such as increase of rental charges, specifying school cafeteria caterer must be involved and designating certain schools only that may have the aforementioned functions.

If the Board is interested in permitting any alcoholic beverages to be served at certain functions in the schools, we would suggest that a simple policy be approved permitting this, subject to written regulations approved by the Board governing such functions.

Attached are some of the details required by the Boards which we contacted.

Respectfully submitted,

JP:mb

R. S. Cartmell,
Secretary-Treasurer and
Business Administrator.

LONDON BOARD OF EDUCATION ALCOHOLIC BEVERAGES

1. Policy in effect for a number of years - both in elementary and secondary schools, alcoholic beverages may be served.
2. School food caterer for cafeterias must be the bartender for the event, or a bartender selected by the caterer.
3. No alcohol served during school hours or on Sundays.
4. a) Community groups; for example, Hockey Association Clubs, etc. can serve alcoholic beverages in schools.
b) Home and School Associations also.
5. Private functions - wedding receptions, special anniversaries (25th, 50th)
6. Not in competition with commercial establishments.
7. One event per quarter; four maximum per year to same organization.
8. Allow alcoholic beverages to be served at school reunions.

LIST OF SUGGESTIONS FOR IMPROVING ALCOHOLIC BEVERAGES

1. There is little for a student of history - with its elementary and secondary schools, alcoholic beverages are not served.
2. There is little for a student of history - with its elementary and secondary schools, alcoholic beverages are not served.
3. There is little for a student of history - with its elementary and secondary schools, alcoholic beverages are not served.
4. There is little for a student of history - with its elementary and secondary schools, alcoholic beverages are not served.
5. There is little for a student of history - with its elementary and secondary schools, alcoholic beverages are not served.
6. There is little for a student of history - with its elementary and secondary schools, alcoholic beverages are not served.
7. There is little for a student of history - with its elementary and secondary schools, alcoholic beverages are not served.
8. There is little for a student of history - with its elementary and secondary schools, alcoholic beverages are not served.
9. There is little for a student of history - with its elementary and secondary schools, alcoholic beverages are not served.
10. There is little for a student of history - with its elementary and secondary schools, alcoholic beverages are not served.

HALTON BOARD OF EDUCATION - ALCOHOLIC BEVERAGES

1. Policy in effect for a year and a quarter - inquiries from people, but no rentals made to serve alcohol (the main reason is that the cost is prohibitive).
2. Designated schools only can be rented to serve alcohol (these are usually schools that also serve as community centres).
3. Cost is 300% over normal rental rate if alcoholic beverages are served;
for example, cafetorium \$101.00 per hour
double gym \$133.50 per hour (7 p.m. to 11 p.m.)

All rentals on Saturday nights are allowed only till 11:30 p.m. (time factor puts damper on functions)

Persons at least 21 years of age may sign a rental agreement, including those under the Board/Municipal Reciprocal Agreement, must make separate and direct application to the Board to rent premises in accordance with the Board's rental schedule.

4. One elementary school in Kilbride allows alcoholic beverages, and is run by the Recreation Department.
5. Group must obtain a liquor permit and submit to rentals department before rental contract is released.
6. Increase rental fee to outside organizations (including Recreation Department) - 5% each September - do not have to take to the Board for approval.
7. No alcoholic beverages allowed when there is any school function or when regular day school students are present in the school.
8. Allow alcoholic beverages to be served at school reunions.

General Principles of the Law of the Sea

1. The law of the sea is a part of international law which regulates the rights and duties of States in their relations with regard to the sea and its resources.

2. The law of the sea is a part of international law which regulates the rights and duties of States in their relations with regard to the sea and its resources.

10. The law of the sea is a part of international law which regulates the rights and duties of States in their relations with regard to the sea and its resources.

PEEL BOARD OF EDUCATION - ALCOHOLIC BEVERAGES

1. Allow alcoholic beverages in their schools - on a permit basis.
2. Require proof of liquor permit before rental agreement is finalized.
3. Additional rental charge of \$55 is made by the Peel Board to organizations for the serving of alcohol.
4. Various rental rates are charged depending upon the type of organization renting the board's facilities. Private citizens may rent facilities for occasions and serve alcohol with the exception of weddings. The rental cost is very high; consequently, not much activity.
5. Allow alcoholic beverages to be served at school reunions.

WENTWORTH COUNTY BOARD OF EDUCATION - ALCOHOLIC BEVERAGES

1. Allow alcoholic beverages to be served in their schools.
2. Every application is judged on its own merits, and must have Board approval.
3. Private individuals or commercial establishments are not allowed to rent and serve liquor.
4. Do not compete with commercial establishments.
5. May charge more than regular rental rate, depending upon the circumstances.
6. Allow alcoholic beverages to be served at school reunions.

RECOMMENDATIONS FOR THE STUDENT - A SUMMARY

1. Allow scientific knowledge to be tested in their schools.
2. Study scientific knowledge as judged by the best minds, and not just their opinions.
3. Examine scientific knowledge on scientific grounds, and not simply by their own standards.
4. Do not identify with scientific establishments.
5. Do not change more than regular school rules, depending upon the nature of the change.
6. Allow scientific knowledge to be tested in school journals.

Ladies and Gentlemen:

Re: STUDENT BUILDING TRADES TRUST FUND AWARDS

Since 1974, the Board of Education for the City of Hamilton and the Hamilton and District Home Builders' Association have participated in the construction of four homes. The activities related to the last project were presented at the July, 1983 meeting of the Business Management Committee.

From the inception of this joint venture, we have invested available funds and disbursed interest earnings for student awards.

It is therefore recommended that the following be authorized at this time:

- . to issue a cheque in the amount of \$700.00 to the Hamilton and District Home Builders' Association for awards to students of the Board of Education for the City of Hamilton;

and

- . to issue a cheque in the amount of \$700.00 to the Board of Education for the City of Hamilton for awards to students in subject areas related to construction in accordance with Board approval.

Respectfully submitted,

The Honourable Sean Conway
Minister of Education

Dear Mr. Conway:

As you are no doubt aware, trustees and school board officials across Ontario are becoming alarmed at the increasing cost of payment of retirement gratuities to teachers and support staff.

Because of this concern, the Kapuskasing Board of Education prepared and approved unanimously the attached resolution at the Board's regular meeting held on Tuesday, May 13, 1986.

The resolution addresses the following concerns:

- 1) the increase cost of paying out retirement gratuities over the next three years;
- 2) the escalating liability of retirement gratuities and a request that legislation that affects the grandfathering and capping of future gratuities be revised;
- 3) the need to provide legislation that will compel Boards to institute short-term accident and sickness benefits and at the same time insure that long term disability benefits are provided.

We trust that you will give serious consideration to enact legislation that will address the concerns we have raised.

By copy of this letter, we are asking Separate School Boards and Boards of Education in Ontario to support our position.

Sincerely,

Yvon Côté
Chairman
Kapuskasing Board of Education

5. The Board has agreed to review and recommend to the Minister of Education the restructuring of the Guyanese educational system.
6. The Board has agreed to review and recommend to the Minister of Education the restructuring of the Guyanese educational system.
7. The Board has agreed to review and recommend to the Minister of Education the restructuring of the Guyanese educational system.
8. The Board has agreed to review and recommend to the Minister of Education the restructuring of the Guyanese educational system.
9. The Board has agreed to review and recommend to the Minister of Education the restructuring of the Guyanese educational system.
10. The Board has agreed to review and recommend to the Minister of Education the restructuring of the Guyanese educational system.

It is requested that you will give serious consideration to these recommendations and will advise the Board of your response. A copy of this letter is being sent to the Board of Education for their review and response.

Sincerely,

Representative Board of Education
Georgetown, Guyana

RESOLUTION

WHEREAS:

The Minister of Education has announced a change to the government-administered teachers' pension plan to permit teachers who will reach age 55 between May 31, 1986 and August 31, 1989, to retire without being penalized, and

WHEREAS:

An estimated 5500 teachers are expected to take early retirement because of the changes, and

WHEREAS:

The cost of payment of retirement gratuities has risen to monumental amounts for the majority of school boards in the Province of Ontario, and studies that have been made from time to time indicate that these costs will continue to rise, and

WHEREAS:

School boards are not eligible for grants to reserve funding of retirement gratuities, and

WHEREAS:

The appropriateness of paying retirement gratuities based on unused sick leave is being questioned by many school boards and recently by the Commission on the Financing of Elementary and Secondary Education in Ontario, and

WHEREAS:

The Kapuskasing Board of Education petition the Minister of Education to provide special funding to school boards to meet the increased demand for retirement gratuity payments over the next three year period

AND FURTHER THAT:

The Kapuskasing Board of Education petition the Minister of Education to rescind section 231 (2) and (3) of The Education Act with respect to payment of salary for absence from duty due to illness and also revise section 158 (1) to eliminate any future accumulation of unused sick leave credits on which retirement gratuity is based.

AND FURTHER THAT:

The Kapuskasing Board of Education petition the Minister of Education to enact legislation to require school boards to provide a sick leave insurance plan to better meet the needs of teachers and on which premiums would be grantable.

AND FURTHER THAT:

This resolution be forwarded to Separate School Boards and Boards of Education for support.

Ladies and Gentlemen:

**Re: Response to Proposal to School Transmission of
Educational Television Programming**

Most secondary (composite) schools have a central system for transmitting television programs. The systems were used extensively a number of years ago when programs were often recorded off air and subsequently transmitted to classroom(s) at specified times. In addition to this service, television receivers, usually black and white, were available for borrowing by teachers to view programs directly off air.

With the advent of the VCR and its capabilities of remote control, fast forwarding, pause control etc. as well as the new programming available from TV Ontario, teachers now have the opportunity to have some control as to when and how television can be used in the teaching/learning process. A program can be stopped at any point, for discussion, segments rerun for reinforcement, evaluation, further questioning etc. Using a television program just as you would a book, filmstrip or other resource, requires that the equipment be in the classroom ready to use at the appropriate time.

In addition it is not practical given additional staff time would be required to run the central system.

Board of Education,
Hamilton, Ontario.
1986 06 26.

TO THE CHAIRMAN AND MEMBERS,
BUSINESS MANAGEMENT COMMITTEE,
Board of Education,
Hamilton, Ontario.

Ladies and Gentlemen:

RE: St. Elizabeth Home Society
Proposed Private Bill

A private bill has had first reading in the provincial Legislative Assembly to have the assessment revised for the property at 393 Rymal Road West. It is on this site that the Society has constructed a retirement community known as St. Elizabeth Village.

The intent of the bill is to

- . change the basis of assessment from multiple family units to single family units and
- . authorize refunds of municipal and school taxes paid since December 31, ~~1986~~
1986.

This bill will be considered by a Standing Committee of the Legislative Assembly.

It is recommended that the Board of Education for the City of Hamilton endorse the action taken by the City of Hamilton and the Region of Hamilton-Wentworth in directing the Regional Solicitor to submit a Brief to the Standing Committee of the Province supporting an application for Private Legislation by the St. Elizabeth Home Society and requesting the Bill be amended to provide for:

- (a) no retroactivity prior to January 1, 1986
- (b) revision of assessment status to multiple family status immediately upon change of use from "not for profit" retirement accommodation.

Respectfully submitted,

R. S. Cartmell,
Secretary-Treasurer and
Business Administrator.

Dear Doug:

RE: PLAYGROUND EQUIPMENT AT SIR ALLAN MACNAB SECONDARY SCHOOL

To confirm our recent telephone conversation, the City has received a petition from residents of the Fessenden Neighbourhood to support their request for the installation of playground equipment on the Sir Allan MacNab Secondary School property. The City has agreed to support the project and will be meeting with representatives of the group in the near future to discuss equipment proposals.

We are requesting that the Board give approval in principle to this project and that the Board staff after advice relative to appropriate location(s) on the site for the placement of traditional equipment.

I hope that this request is appropriate and will meet the Boards approval.

Thanking you in advance for your co-operation and assistance.

Sincerely,

DOUG FARQUHAR

TO THE CHAIRMAN AND MEMBERS,
BUSINESS MANAGEMENT COMMITTEE,
Board of Education,
Hamilton, Ontario

Ladies and Gentlemen:

The attached report outlines the programme established between the Board and the City of Hamilton in 1978. This programme provided a credit to the Hamilton Culture and Recreation Department for the use of certain two-man schools with the understanding that recreation use of all schools would be increased in order that total revenue to the Board would not be decreased.

The total usage of these schools amounted to rentals of \$6,650.00. In addition users were doubled up at certain schools allowing the use of one facility to two groups in one night and thereby reducing the overall rental cost to the Culture and Recreation Department. The rental figure for the ten month period 1985 and 1986 compares as follows:

September 1984 to June 1985	\$ 135,980.00
September 1985 to June 1986	\$ 137,990.00

There will be a credit to the Culture and Recreation Department of \$2,010.00.

Effective September 1986 there will be seven two-man elementary schools that will qualify for this credit.

We recommend that this credit programme be continued for another year 1986 09 01 to 1987 06 30.

Board of Education
Hawthorne, Ontario
1960-61

TO THE HONOURABLE THE MINISTER
OF EDUCATION
OTTAWA, ONTARIO
JANUARY 19, 1961

Dear Sir:

The attached report contains the findings of the
Board of Education and the City of Hawthorne in 1959. This
report contains a credit to the Hawthorne Board of
Education for the use of certain property owned
with the understanding that certain use of all property
would be determined in order that total revenue to the Board
would not be decreased.

The total value of these assets amounted to \$100,000.00. In addition, there were added up to \$100,000.00
in assets relating to the use of the property in the Board's
own right and interest, including the overall rental cost to the
Board and the Board's interest. The total figure for the
total period 1955 and 1959 amounts to \$100,000.00.

September 1955 to June 1956 \$ 125,000.00
September 1956 to June 1957 \$ 125,000.00

There will be a credit to the Board of Education
amounting to \$25,000.00.

Respectfully,
Sincerely yours,
J. E. Carroll

Enclosed are two copies of the report in question
for your information and for the Board of Education.

Yours truly,
J. E. Carroll

TO THE CHAIRMAN AND MEMBERS,
BUSINESS MANAGEMENT COMMITTEE,
Board of Education,
Hamilton, Ontario,

Ladies and Gentlemen:

Several years ago, the Board decided to place supervisors on buses on the afternoon run in order to ensure the pupils disembarked at the right stops. In February, 1986, the Board approved the transportation of Junior Kindergarten children by bus and the numbers taking advantage of this service has been growing. We find that because the junior kindergarten children are so young and small, it is advisable for their safety to have a bus supervisor on the bus on the morning run as well.

"It is therefore recommended that: bus supervisors be assigned to buses carrying junior kindergarten pupils, in the morning in addition to the afternoon run."

In our review with principals and officials, we have also found that bus supervisors on buses carrying only middle school students have had limited effect and we would, therefore, recommended that:

"Bus supervisors be withdrawn from buses serving Chedoke School as positions become vacant to determine if there is a need for a supervisor on buses carrying only middle school students and report back to the board with the results."

The cost of providing the additional bus supervisors for the junior kindergarten students would be \$49,700 per year.

Respectfully submitted,

TO THE CHAIRMAN AND MEMBERS
OF THE BOARD OF EDUCATION,
BOSTON, MASS.

Ladies and Gentlemen:

Several years ago, the Board decided to place responsibility on those
in the afternoon room in order to secure the pupils discharged at the right place.
In January, 1900, the Board approved the transportation of Junior Kindergarten
children by bus and the necessity facing students of this nature has been growing.
It has been because the Junior Kindergarten children are so young and small,
it is desirable for their safety to have a bus supervisor on the bus on the
morning run as well.

"It is therefore recommended that bus supervisors be assigned
to buses carrying Junior Kindergarten pupils, in the morning
in addition to the afternoon run."
In our earlier with experiments and attempts, we have also found that bus
supervisors on buses carrying only small school children have had limited
effect and as well, therefore, recommended that
"the supervisor be withdrawn from buses carrying Junior Kindergarten
pupils in the morning and to determine if there is a need for a supervisor on
buses carrying only small school children and report back to the Board
with the results."
The cost of providing the additional bus supervisors for the Junior
Kindergarten students would be \$40,000 per year.

Board of Education,

Ladies and Gentlemen:

REPORT EDUCATION CENTRE PARKING

At the request of Business Management Committee (1986 05 09), we have investigated the possibility of constructing a "parking ramp" on the Education Centre Parking Lot. The existing parking lot provides 174 car spaces.

1. Planning Consideration

In the original design of the Education Centre building, future expansion was planned towards the north (King Street). The ramp access for services had to be maintained and the addition was envisaged in a "T-shape" configuration to provide natural lighting to the maximum number of rooms on the North side. The existing 60' wide x 290' parking should therefore be retained and future expansion may have grade level parking with the building above, or have additional parking below ground.

It is proposed that additional parking be provided below ground in order to utilize the site to the best advantage. The water level restricts the depth of underground parking to two levels below grade.

Existing parking at street level should be maintained and for aesthetic reasons, the building set back from the street line to allow for planting and decorative paving.

The attached preliminary plans show the following number of parking

spaces:

Existing parking lot	53 spaces
Grade level parking lot	94 spaces
Basement level (B-1) parking lot	88 spaces
Basement level (B-2) parking lot	99 spaces
	334 spaces

2. Construction

The underground garage must be planned so that its structure can carry the loading of a future building above it. It should also be planned on a 4 foot grid of modular construction, to be compatible with the Education Centre building, in case the two structures are joined in the future.

The underground garage would be of a concrete construction, employing "post tensioning" for structural floors. It would have mechanical ventilation and a sprinkler system to comply with the Building Code.

3. Cost

The estimated cost of the underground garage to provide 94 car spaces above grade (excluding existing 53 spaces) and 187 spaces below grade is \$2,100,000.00.

4. Financing

There are several options available:

1. Capital from Current

The cost spread over two years, financed from Capital from Current, when funds are available.

2. Lease of Land

- (a) The underground garage occupies approximately 0.8 acres of land, which is valued at approximately \$1,750,000. The land may be leased to a developer who would construct the garage and provide parking for a specified number of cars for the Education Centre (e.g. 125). The garage would generate a revenue from the remaining 156 car spaces, which would pay for the construction of the garage over a period of time.
- (b) The revenue from the garage alone may not provide sufficient return on the capital over a reasonable length of time. The lease of the land to build a garage with an office building above may be a more financially attractive option. The office building should be compatible with the Education Centre building and may even serve as an annex for future expansion.

5. Other Factors to Consider

The Board use of the subject site for surface parking only does not maximize the use of the land. A consideration might be the sale or lease of air rights over the property. If this was considered desirable, the Board need of the site for parking through surface parking and garage parking must be satisfied first.

6. Conclusion

If the Board is interested in pursuing the development of the present Education Centre parking lot, we could suggest the two following alternatives:

Section 1

The first part of the report deals with the general situation of the country. It is a very interesting and informative study of the country's development. The report is well written and easy to read. It is a very good example of a report that is both informative and interesting.

The second part of the report deals with the specific details of the country's development. It is a very detailed and thorough study of the country's development. The report is well written and easy to read. It is a very good example of a report that is both informative and interesting.

Section 2

The third part of the report deals with the specific details of the country's development. It is a very detailed and thorough study of the country's development. The report is well written and easy to read. It is a very good example of a report that is both informative and interesting.

Section 3

The fourth part of the report deals with the specific details of the country's development. It is a very detailed and thorough study of the country's development. The report is well written and easy to read. It is a very good example of a report that is both informative and interesting.

- (a) Build a parking garage with 334 parking spaces which would be utilized for Education Centre parking from Monday to Friday during the day and could serve as a commercial parking facility evenings and weekends. It would be necessary to raise \$168,000 in parking fees to pay the interest on the cost of construction. This is approximately \$500.00 per parking space per year or
- (b) Consider the lease of the air rights over the property to the developer who would provide sufficient parking for Education Centre needs and build a commercial development on the site facing King Street. This would defray the cost of the parking spaces in part. This would require expertise we do not have on staff and we suggest a consultant be retained to prepare a proposal and an advertisement be placed in the newspaper requesting tenders based on these proposals.

Respectfully submitted,

mb

Business Administrator/Treasurer.

Ladies and Gentlemen:

Re: Education Centre Auditorium Rental

It is the policy of the Board of Education for the City of Hamilton to make the meeting areas at the Education Centre available to organizations to the fullest extent possible within the established regulations made with due regard for the development of the educational program of the centre and the protection and maintenance of the property.

Various rental rates shall be charged to ensure adequate reimbursement of the costs of the use of the building. In certain cases, rental of accommodation will be free of charge.

The groups to be given consideration for use of the Education Centre facilities should be educational, cultural or civic. Some latitude should be given to officials to decide on groups not specifically included above.

1. Areas Available to Outside Organizations

Auditorium (seating capacity 189)

Hours available: Monday to Thursday, 6:30 p.m. - 10:30 p.m.
Friday 6:30 p.m. - 8:45 p.m.
Saturday 9:00 a.m. - 1:00 p.m.

Rental Rate: \$25.00 for four hours for other than educational or cultural groups.

2. Areas available only to:

- (a) Teacher groups and associations
- (b) Home and School Executive Committee

Meeting Rooms: First Floor - seating capacity 30-56
(depending upon which room)

Hours available: Monday to Thursday 6:30 p.m. - 10:30 p.m.
Friday 6:30 p.m. - 8:45 p.m.
Saturday 9:00 a.m. - 1:00 p.m.

Rental Rate: no charge to the above groups.

RE: OSTC Resolution 11-86:
Admission of Students from Strike-Bound School Jurisdictions

At its meeting on June 13, 1986, the Ontario School Trustees' Council adopted the following resolution:

"WHEREAS any strike called under the terms of the School Boards and Teachers Collective Negotiations Act results from an impasse between a teachers' federation and a school board; and

WHEREAS the ultimate strike is a complete withdrawal of services; and

WHEREAS an innocent third party, the students, lose the most in a complete withdrawal of service; and

WHEREAS school boards in the province have the discretion to admit non-resident students;

THEREFORE BE IT RESOLVED THAT the Ontario School Trustees' Council strongly urge all Trustee Associations to encourage all school boards in the province to admit students from strike-bound school jurisdictions insofar as accommodation and program permit."

Your cooperation would be appreciated in bringing this resolution to the attention of your member school boards.

THE ROYAL RED

CANADIAN NATIONAL ARABIAN AND HALF-ARABIAN CHAMPIONSHIP HORSE SHOW

July 9, 1986

Mr. R. Morrow
MAYOR
City of Hamilton
City Hall
71 Main Street, West
Hamilton, Ontario, L8N 3T4

Dear Mr. Mayor,

Reference: 1987 Canadian National Arabian and Half-Arabian
Championship Horse Show

Mr. Dave Johnson and I, representing the Canadian National Show Commission of the International Arabian Horse Association, were very pleased and honoured to have the opportunity to meet with you briefly on June 05, 1986 and review our preliminary ideas for the City of Hamilton to host the 30th. Annual Canadian National Arabian and Half-Arabian Championship Show from August 02, to August 08, 1987. We require additional days before and after the actual event for set up and move out. The period from July 27, 1987 to August 12, 1987 we estimate would accommodate set up, the event, and move out.

The Championships alternate between Western and Eastern Canada each year. The City of Edmonton, Alberta is hosting the 1986 event and the Commission is considering alternative locations in Eastern Canada to host the 1987 Championships.

Metropolitan Toronto and Exhibition Place have hosted the Show in previous years and they have received approximately \$200,000 income from the Commission for their complete facilities and services which are required to stage and operate this Championship event. This provides us with the facilities in such a condition that we can move in the commercial exhibits and the horses with our operations staff and start running the show. We would like to provide the

residents of other cities in Ontario with the opportunity to see these magnificent animals in the flesh. Your city, Hamilton with the Victor Copps Coliseum for the Horse Show activities; the Hamilton Convention Centre for the Commercial Exhibits; and the Downtown Hotels for the exhibitors, patrons, corporate sponsors, and spectators appears to be a viable alternative which we wish to pursue.

The show attracts between 30,000 and 40,000 people during the week who inject some \$7,000,000 to \$8,000,000 into the local economy through hotels, restaurants, and the usual tourist activities.

We have been discussing our plans with Mr. Gabe Macaluso and we have met with some members of the City of Hamilton staff to review our ideas for the event to be held at Copps Coliseum.

We will have about 1000 horses valued at approximately \$50,000,000 to house in close proximity to the Coliseum. This will necessitate constructing a 200,000 square foot 'TENT CITY' in the streets surrounding Copps Coliseum. This activity entails gaining approval to close portions of York Blvd. and Bay Street from July 27, 1987 to August 12, 1987 to allow for the tents and stabling to be erected and removed after the show.

We are led to believe we may also require the use of the playing fields associated with the school across York Blvd. from Copps Coliseum to house some of the horses as there does not appear to be sufficient square footage in the streets. We understand Mr. Douglas Kelterborn of the Board of Education approves usage of and access to the school playing fields. We seek your assistance in gaining agreement with Mr. Kelterborn should it become necessary to utilize the school playing fields.

We hasten to point out that other cities close some of their main streets for extended periods to accomodate events. For example Detroit for the U.S. Grand Prix; Long Beach, California for the Long Beach Grand Prix; Toronto for the July 1986 Indy Car Race in July 1986. All of these types of events require extended closures to allow set up, practice times, actual racing and removal after the event. This is

JUN 26 1986

Mr. Keith Rielly
Superintendent
Hamilton Board of Education
100 Main Street West
Hamilton, Ontario

Dear Keith,

I am writing you this year, as I have for the five previous years, to request financial support from the Board for the activities of the Hamilton Wentworth Debating Society.

As you know, the HWDS is a group of teacher/coaches who organize debating events for the students in all three Hamilton and Wentworth County boards. This past year, we ran a debating seminar at the Education Centre, four "practice" debate tournaments in various schools, the Regional Finals at Westdale and a Model Parliament at McMaster. These activities involved over 300 active debaters, another 200 officials and "helpers," as well as hundreds of volunteer teachers and judges. Our in-school debates allowed over 2000 students to watch formal debating in their classrooms.

We were able to accomplish all of this thanks to the generous support provided by the three local boards. The coaches have planned a similar programme of activities for the next school year and feel that the budget can be maintained at the current level. Let me therefore request \$600 from the Board as a contribution towards the expenses of the upcoming year.

Very truly yours,

Paul Kropp

Re: Tenders for the sale of the Kenora Avenue Site
 and McIlwraith School and Site.

Kenora Avenue Site

We received a total of ten submissions for the purchase of the five acre site on Kenora Avenue ranging from \$200,000 to \$381,000. We are recommending that we accept the high bid of \$381,000 submitted by Corpveil Holdings Limited (Effort Trust).

Recommended:

That the bid of \$381,000 from Corpveil Holdings Limited for the purchase of the five acre parcel of land on Kenora Avenue be accepted.

McIlwraith School and Site, 50 Murray Street West

We received a total of two submissions for the purchase of McIlwraith School and site. The high bid was \$172,000, received from Benemar Construction Inc., 158 Hester Street, and the second bid was \$110,000 received from Theatre Aquarius Incorporated.

The bids were substantially below the appraised value of the property and were not within ten per cent of the appraisal generally considered acceptable by the Ministry of Education.

Recommended:

That neither one of the tenders received for the purchase of McIlwraith School and Site be accepted.

Respectfully submitted,

John Penner,
Business Administrator/Treasurer.

Ladies and Gentlemen:

Re: Education Centre Parking

With the opening of the new staff training facility at Sanford Avenue School, the parking problem at the Education Centre most likely will be alleviated. We are studying the parking situation, and a report on the use of our parking lot will be presented at a later date.

A comparison of the costs of an underground garage and an above-ground parking facility is shown below.

- (a) The cost estimate of an underground garage is \$2,100,000. It is based on the cost of \$30.00 x 70,750 sq.ft. to provide parking for 281 cars (i.e. \$7,500/car).

NOTE: The cost of the underground garage for McMaster University Hospital is \$7,800/car.

Underground parking includes the additional cost of ventilation and sprinklers, but this is offset by reduction in the cost of foundation footings.

- (b) The cost estimate of an above-ground parking garage is \$27.00 x 70,750 sq.ft. = \$1,900,000 (i.e. \$6,760/car).

The soil on our site is silty sand, approximately 10 ft. deep, of low load-bearing capacity. Moreover, most of the site had buildings with basements, which were demolished and filled. Consequently, foundation footings will be deep and expensive.

The screen walls for the above-ground parking have an architectural treatment appropriate to the Civic Centre area and aesthetically compatible with the Education Centre building. The cost of these screen walls is comparable to the cost of plain concrete foundation walls of an underground garage.

REPORT OF THE BOARD OF A SHARED
BY-LAW BY THE CORPORATION OF THE
CITY OF WILSON
1961

REPORT OF THE BOARD OF A SHARED
BY-LAW BY THE CORPORATION OF THE
CITY OF WILSON
1961

EXPLANATION OF PURPOSE AND EFFECT OF

BY-LAW NO. 86-200

1. The purpose of this By-law is to modify the established "HI" (Civic Centre Protected) District for property located at the south-west corner of Bay Street South and Main Street West as shown on the attached key map.

The effect of the By-law is to permit an 18 storey mixed commercial/residential development consisting of ground floor commercial uses, and 220 dwelling units (apartments).

Further the "HI" (Civic Centre Protected) District regulations applicable to the subject property are modified to the following extent:

- (a) frontage onto the street and access to the street shall be permitted for commercial uses, whereas presently some commercial uses can only have access to the interior of the building;
- (b) a minimum front yard of 3.1 m (10 ft.) shall be provided for the first storey along Main Street West, whereas no yard is required.
- (c) a side yard of minimum 0.3 m (1 ft.) is permitted except where it abuts a road allowance, in which case a minimum 3.1 m (10 ft.) wide yard is required, whereas a minimum 3.0 m (9.8 ft.) width is required for all side yards;
- (d) a landscaped area of a minimum 1,100 m² (11, 841 sq. ft.) shall be provided whereas there is no requirement;
- (e) the landscaped area to be located at grade bordering the road allowance shall not be subject to the existing definition of landscaped area which provides that all landscaping "...shall be fully and completely open and exposed to natural light and air and unobstructed above the surface...";
- (f) an amenity area of a minimum 1,000 m² (10,764 sq. ft.) shall be provided, whereas there is no requirement; and
- (g) balconies may encroach into the yards along Main Street West and Bay Street South not more than 2.5 m (8.2 ft.) and cannot be closer to the lot line than 0.6 m (2 ft.) whereas under the existing regulations balconies can encroach into the front yard by 1.0 m (3.2 ft.) and shall not be closer than 1.5 m (4.9 ft.) to the street line.

Dear Sir:

We are interested in installing two air pollution samplers on the roofs of two schools in Hamilton. The first is Albion Vocational School at 350 Albright Road. McMaster University has operated a sampler here for several years - we wish to simply continue their work. The other is Westwood School at 9 Lynbrook Drive. We would arrange to have a weatherproof outlet installed on the roof here at our expense, of course.

Both samplers run for 24 hour periods every sixth day, from midnight to midnight. Airborne dust is drawn onto a filter, which is then analyzed in our Laboratory. Our technician would visit each site once weekly to collect filters. The monitors would, of course, be safely secured.

McMaster University has been operating a network of these samplers as a complement to our own network, and their data has been of great use to us. Now that they have terminated their work, we wish to maintain several of their sampling locations in order to maintain broad coverage of the City.

Please advise us if these proposals are acceptable to the Board.

Dear Sir:

We are interested in installing two air conditioning systems in the rooms of two schools in Hamilton. The first is Alden Secondary School at 330 Alder Road. Alden Secondary School has installed a complete air conditioning system - we wish to install a similar system. The second is Westwood School at 1000 Dundas St. W. We would arrange to have a representative contact installed on the roof here at our expense, at once.

Both schools are for 24 hour periods every sixth day. The second is Alden. Alden Secondary School is a Junior High School which is then installed in the laboratory. The school would visit each day once weekly to collect figures. The maintenance would, of course, be self-sufficient.

Alden Secondary School has been operating a system of this type for a long time. We are interested in our own school, and that date has been of great use to us. The first two have been installed in the school. We wish to maintain several of their systems in order to maintain them in the City.

Please advise us if these proposals are acceptable in the future.

- (c) That the resignation of Terry Chafe, Teacher Aide Staff, be accepted effective 1986 09 12.
- (d) That Karen Humphreys, Clerical Staff, be promoted to the position of Second Secretary - Elizabeth Bagshaw, (Category B2, maximum \$355.00 per week), effective 1986 10 02, with salary according to the salary schedule.
- (e) That Darlene Bouskill be appointed to the Probationary Teacher Aide Staff (.5), effective 1986 09 15, at a starting salary of \$8.75 per hour.
- (f) That one Social Worker be requested to attend the McMaster School of Social Work Conference entitled "Victims of Violence", to be held at Hamilton, 1986 10 10 and 1986 10 24, and that \$80 be paid towards registration and expenses.
- (g) That four Social Workers be requested to attend a Mohawk College Workshop entitled "Managing Troubled Behaviour", to be held at Hamilton, 1986 11 13-14, and that \$140 each be paid towards registration and expenses.
- (h) That one Teacher Aide (Special Education) be requested to attend the 30th Annual Conference of the Ontario Federation of Chapters - Council for Exceptional Children, to be held at Kitchener, 1986 10 24, and that \$90 be paid towards registration and expenses.

Ladies & Gentlemen:

RE: PROGRAM STAFFING

In response to a board request, officials have studied the possibility of assembling for one or more meetings as early in the Budget Review process as possible, all implications (cost, staffing, etc.) emanating from request for program changes and modifications.

We feel that such a report can be assembled and presented at one meeting for consideration. Indeed, to be able to place before the trustees the entire request at one time for consideration should allow for excellent priority-setting and decision-making. It is assumed that program reports will continue to be submitted to E.M.C. for approval. Referral to Budget Review should then take place at Board level.

TO THE CHAIRMAN AND MEMBERS,

Ladies and Gentlemen:

RE: Methyl Alcohol Duplicators

There are approximately 120 spirit duplicators presently in use in the schools. We requested and received a report from the Board's safety supervisor and he has advised there have been no reports to the safety committee with respect to a problem with methyl alcohol except the matter of ventilation. In addition, we have checked the burglary, theft and vandalism and accident reports and find no record. The Adjustment Department also reports negatively on the abuse of methyl hydrate.

Notwithstanding the above, we could consider the gradual replacement of the spirit duplicators. Presently, there are no spirit duplicators in the secondary schools and the elementary schools have both, a spirit duplicator and photocopier. If the spirit duplicator is replaced, this would not be with a second photocopier, but with an upgraded photocopier. The cost per copy would increase from 1.7 cents to 1.9 cents per copy, but there would be no capital outlay for the equipment. The total cost of copying is controlled through the supplies budget and the school has flexibility within the supplies allocation to spend in the area with the highest priority.

If the above is acceptable, we could investigate the use of ethanol in place of methyl hydrate for the remaining spirit duplicators during the transition. Past reports have indicated this has not been very satisfactory because of poorer grade copy, objectionable odour and the need to adapt each machine to the new liquid.

We would recommend that:

The spirit duplicators in the schools be replaced over a three year period commencing immediately.

Respectfully submitted,

mb

Dear Sirs,

During 1987, McMaster University will celebrate its Centennial. From small beginnings, the University has grown in size and influence until today it is one of the major educational institutions of Canada with a world wide reputation as a centre of excellence.

Our celebrations will spread over the year. During the first four months there will be a 'special lecture series, a sports festival, special performances by the McMaster Symphony Orchestra and other events of a cultural nature. In the summer, the University will be host to the Learned Societies Conference, which is one of the most prestigious academic conferences held in Canada. Some 7000 delegates, representing nearly 70 societies including the Royal Society of Canada are expected to attend. The fall term provides us with the opportunity to celebrate our centennial with a "party", a "Centennial Ball" at the Hamilton Convention Centre, and other special activities.

We are, of course, anxious to publicize this important milestone in our history to draw attention to what has been an exciting century of progress in technology, science and culture.

We invite you to help us with our publicity campaign by asking you to use our "Centennial" imprint die in your postal meter for whatever period (s) you deem appropriate from December 1986 through to the end of 1987. These dies are available from McMaster and we hope you may wish to purchase one for each of your postal meters. We have set the cost at \$70.00 per die, which represents our cost plus packaging and handling costs. Use of the attached order form, which shows an illustration of the imprint, will simplify the transaction. You will note that we need to know (1) your meter manufacturer and

Dear Sirs,

During 1989, McMaster University will celebrate its Centennial. From small beginnings, the University has grown to size and influence that today is one of the major educational institutions of Canada with a world wide reputation for excellence in excellence.

Our celebration will extend over the year, during the first four weeks there will be a special lecture series, special festival, special performances by the McMaster Symphonic Orchestra and other events of a cultural nature. In summary, the University will be host to the largest Centennial Celebration in one of the most prestigious academic institutions in Canada. Some 1000 delegates representing nearly 10 countries including the Royal Society of Canada are expected to attend. The full time students of the University are celebrating our Centennial with a "year", a "Centennial Year" at the Hamilton Convention Centre, and other special activities.

In the course of these activities, students are expected to participate in the history to date exhibition in which we have an exciting display of progress in technology, science and culture.

We invite you to help us with our publicity campaign by sending you to our "Centennial" T-shirt and in your postal return for whatever reason (a) you deem appropriate (b) you deem appropriate to the end of 1989. These shirts are available from November 1st to December 31st at a special rate of \$10.00 for each of your postal return. We have set the cost at \$10.00 per shirt, which represents our best price for ordering and shipping. One of the attached order form, which shows the illustration of the T-shirt, will illustrate the presentation. We will note that we need to have 1000 shirts manufactured and

model numbers so that we can provide the correct version of the imprint and (2) the number of imprints desired. We are setting a deadline of November 30, 1986 for receipt of orders so that we can have the dies in your hands by the end of December 1986. Please enclose a cheque with your order made payable to "McMaster University (Centennial Events)".

We are most anxious during our centennial year to do everything we can to draw attention to the many ways in which this University, Hamilton and its regional communities have worked together. I hope that you may wish to help us publicize our centennial.

Yours sincerely,

Mr. Arnold Krever, Director
of Education
Board of Education
100 Main Street West
P.O. Box 558

Dear Mr. Krever:

Re: Child Find, Hamilton-Wentworth District

We request that the Hamilton Board of Education consider annual funding for Child Find of Hamilton-Wentworth.

In 1986, the Region funded Child Find for the first time (\$10,000) through its Social Service Grants programme. The new money was needed so that a part-time Secretary could be hired and other expansion costs met.

We know Child Find has approached the Board to fund their School Awareness Programme on an annual basis, but were told that this could not be part of the regular curriculum budget. It is our hope that these circumstances will change in the next budget year.

Child Find are providing a very important service to the community and much of it is geared to children in the education stream. The success of their work is difficult to measure; the failure of society, however, to prevent tragedies of child molestation, abduction, murder, etc., is recorded all too frequently in the daily press.

Thank you for considering our request. We would be happy to meet with you for further discussion.

Yours sincerely,

Wm. L. Sears, P. Eng.

Dear Lou

Reference: 1987 Canadian National Arabian Horse Show

We regret to inform you that we find the financial exposure will not allow us to bring the 1987 Canadian National Arabian Horse Show to the Copps Coliseum in your City of Hamilton.

We have attached the details of our preliminary financial analysis and as you can see our expenses would be projected to exceed our revenues by a significant amount. The principal elements which are affecting the expenses are

- a. Tents at \$162,000.00
- b. Road closures at \$126,000.00
- c. Stalls at \$ 90,000.00
- d. School bond at \$ 50,000.00

As suggested in our meeting on October 31, 1986, we contacted Mr. Peter Ainsworth's office at the Hamilton Airport as an alternative solution, but there is only 200,000 square feet in all the buildings on the airport site. Unfortunately, we need that amount of space for the stabling alone.

We have demonstrated the U.S. Nationals injects some \$38,000,000.00 into the local economy of Louisville, Kentucky and Albuquerque, New Mexico when that event is hosted by those respective cities. This dollar value is derived by an occupancy analysis formula for multi-day events using a multiplier factor of four (4). Convention analysis people commonly use a multiplier factor of seven (7) to derive the financial impact of an event on the host community. We estimate the 1987 Canadian National Arabian Horse Show will impart an \$18,000,000.00 impact on the host community economy when we use the conservative economic impact multiplier factor of four (4).

We are extremely disappointed that we are unable to make this event financially viable in 1987. The support and enthusiasm of the people we have negotiated with in Hamilton has been outstanding. Mayor Bob Morrow has been a tremendous asset to our efforts. His enthusiasm and foresight has made our negotiations most pleasurable. Perhaps in the future we may have some other alternative financial arrangements that will make this venture financially viable for all parties.

Yours truly

Mr. Gabe Macaluso	- Manager, Visitor and Convention Services
Mr. Wayne Hipsley	- Executive Vice-President, IAHA

It was very difficult to find a place to hold the event. The weather was very bad and the ground was very muddy. The event was held in a very small room and the people were very uncomfortable. The event was very boring and the people were very bored. The event was very expensive and the people were very angry. The event was very disappointing and the people were very sad.
